JOB + MARK

NEATLY AND PROMPTLY EXECUTED AT THE INTELLIGENCER JOB ROOMS

AN INSPECTION TOUR

By the Leading B. & O. Officials.
They are in Town.

EXPECT TO MAKE IMPROVEMENTS

Here and at Other Points—The Personal of the Party—What Vice President Mayer thinks of the Business Outlook in the Country at Large. Free Coal would be Wrong—The Tariff Bill in General.

President C. F. Mayer, Vice Presidents King and Lord, General Manager Campbell and other officials of the Baltimore & Ohio were at the depot in their private car last night, and will remain until 9 o'clock this morning. They are on their annual tour of inspection over the line and its connection, with a view to determining upon improvements made necessary by local necessities at various points. They have some important improvements in view at Wheeling, and are here for the purpose of looking over the ground to that end. The question of a new depot is one of these improvements, and it will probably take practical shape in the near future. The party leaves for St. Louis, via Cincinnati, at 9 o'clock this morning.

Chief Engineer of Maintenance of Way Johnson and Superintendent Lee were also in the party. A representative of the INTELLIGENCER called on President Mayer last evening and had some talk with him in regard to the business outlook. He spoke in decidedly hopeful terms of the prospects ahead. He is just from Pittsburgh and the lake regions and says that he sees everywhere the unmistakable evidences of the revivification of industries.

"Do you know," he said, "that 80 per cent of Carnegie's producing capacity is on full head at Pittsburgh? One by one the industries are wheeling into line. Large orders are being given out. We are going to see a revival from this time on. By spring the usual business of the country will be well under way."

In regard to the tariff, he said that no doubt the Wilson bill will be amended either in the house or senate. All its good and bad points will be brought out in debate and changes will be made as a matter of compromise as they are shown to be necessary and reasonable.

The fact of coal is uncertain. He himself thought the duty ought not to go below 50 cents per ton. Free coal is a serious matter for West Virginia. Mr. Wilson, who is a fair man, probably felt that he could not ask exemption for his own state. All the same, coal ought not to go on the free list. There was no such demand from consumers. It is largely a Nova Scotia speculation. Reasonable protection is what we need.

The bill will go to the senate finance committee, and there the fight will be made. It is too radical in its present shape. Business men expect what is fair at the hands of Congress, and this is the secret of the present disposition to go on with the industries of the country. It is to be hoped that they will not be disappointed.

ABOUT PEOPLE.

Strangers in the City and Wheeling Folks Abroad.

There is much interest in musical circles over the coming of Anne Kennard Martin, the soprano, who will be in the city next Tuesday, December 5. Mrs. Martin will sing an obligato solo with the sight reading class, which meets at Mr. Martin's studio on that evening, and will also be heard in an aria and songs. Other features of the evening will be an unaccompanied quartette and it is hoped a duet by Mr. and Mrs. Martin, as their reputation for duet singing is something unusual.

H. E. Hayes, of Grafton, is a McLure guest.

W. W. Wilson, of Fairview, registered at the McLure yesterday.

E. E. Hayes, of Morcantown, registered yesterday at the McLure.

Hon. John A. Hutchison and son, of Parkersburg, were at the Stamm yesterday.

Mr. Morris Horkheimer is laid up with a bad cold. It was feared that it would develop into the grip, but that was averted.

Rev. Dr. Riker is at Columbus at the sick bed of his father. Rev. Mr. Robb will occupy his pulpit to-morrow morning and evening.

Miss Maggie Anderson, who was a nurse in the Wheeling hospital for a time, will take a similar position in a Baltimore hospital.

Mr. Samuel Handlan, a brother of ex-Sheriff William C. Handlan, died yesterday at his home in St. Louis. Ex-Sheriff Handlan left for there last night.

Capt. B. B. Dovener is out after an attack of something like grip. He leaves to-day for Cumberland, Md., where to-morrow he speaks at the Elks' lodge of sorrow.

D. Powell, of Flemington; George Cook and wife, of Mannington; F. C. Hulings, of Sistersville; James M. Kendry and H. D. Morrow, of Fisher, are among the West Virginians at the Stamm.

Archbishop John J. Kain was seized with something like a congestive chill while calling at Capt. Devries's residence Thursday, and yesterday was confined to bed at the episcopal residence. He had been unwell for several days.

Mrs. John Stokes, aged sixty-nine, died at Toronto, Ohio, Wednesday night from a gripple. She was the mother of Dr. W. H. Stokes, a local physician, Frank Stokes, editor of the *Daily Tribune*, and Ella Stokes, a teacher in the Toronto public schools.

Constipation is the parent of innumerable diseases, and should, therefore, be promptly remedied by the use of Ayer's Cathartic Pills. These pills do not gripe, are perfectly safe to take, and remove all tendency to liver and bowel complaints.

THE WORLD'S FAIR VIEWS.

The Coupons for the First Part End To-day.

The last of the six coupons for the first portfolio of views to be furnished by the INTELLIGENCER appears at the bottom of the last column of the first page of this morning's INTELLIGENCER.

To secure the first portfolio readers should clip all six of the coupons, and enclose them with ten cents in cash, to the INTELLIGENCER office. In order to avoid mistakes the coupons should be pinned together, and with them a piece of paper having on it the name and full address of the sender, plainly written.

On Monday the first coupon for the second portfolio will be printed. Readers should take advantage of the offer before it is too late. Those who have missed any of the first six coupons can secure the issues containing them on application at the counting room or by mail.

It is not necessary to dwell on the high artistic character and general desirable features of the pictures. Those who have seen them are not only delighted with them, but surprised that they can be furnished in such number at a merely nominal price. They speak for themselves, and whether as a souvenir, memento and reminder of the wondrous beauties of the fair to those who saw it, or a record and reproduction of it for those who did not, they cannot be surpassed at any price.

The Police Department.

The council committee on police last evening approved bills on account of the police of \$54 15, and the city prison of \$90 20. The latter fund has but \$63 15 to its credit, while the police fund has \$340 41, but the committee refused to order all the bills paid out of this balance, and decided to call the finance committee to amend the appropriation ordinance. The city prison superintendent was instructed to secure bids from home coal producers and use Wheeling coal hereafter.

Miners' Conference.

Yesterday the miners of Elm Grove, Wellsburg and Moundsville met at Trades Assembly hall, as was announced exclusively in Thursday's INTELLIGENCER, to discuss a proposed reduction of wages. It was decided to ask the operators to meet with the miners at 1 p. m. to-day.

We'll not miss a single sale on Cloaks to-day if the choicest styles and lowest prices have any merit.

Stomped out—blood-poisons of every name and nature, by Dr. Pierce's Golden Medical Discovery. It's a medicine that starts from the beginning. It removes every organ into healthy action, purifies and enriches the blood, and through it cleanses and renews the whole system. All Blood, Skin, and Scalp Diseases, from a common blotch or eruption to the worst Scrofula, are cured by it. For Tetters, Salt-rheum, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Goitre or Thick Neck, and Enlarged Glands, Tumors, and Swellings, it's an unequalled remedy.

Don't think it's like the sarsaparilla. They claim to be good for the blood in March, April, and May. "Golden Medical Discovery" works equally well at all seasons. And it not only claims to do good—it guarantees it. If it doesn't benefit or cure, in every case, you have your money back. You pay only for the good you get. Can you ask more!

Better prepared than at any time to meet the demands for heavier goods on account of the colder weather.

Why are we better prepared now?

Last week making a special trip to the east, where all manufacturers, importers and jobbers are making special efforts to turn their stock on hand into cash before invoicing, we secured bargains in Ladies' and Misses' Wraps, Ladies' Fur Capes, Novelty and Plain Suitings and Holiday Goods that earlier in the season were not thought of. Values seemed out of the question. Sales and cash is all that was wanted by all leading houses, hence we can offer you drives that a month ago seemed impossible in our Wrap and Dress Goods Department.

Buy now. Don't wait until the season's almost over and then get what's left. The lines are all complete now AND THE PRICES SPEAK for themselves and sell the goods on sight.
